GT Table Smart Universal

PRESTOP PRODUCTS
YOUR INTERACTIVE EXPERIENCE

This touch table cabinet will attract the attention of multiple people at the same time. The cabinet has an integrated power lift providing easy adjustment for the most ergonomic height, allowing the user to stand or sit during their interactive experience. The angle of the display can also be adjusted to any angle between horizontal and vertical. The cabinet has ample space to place a PC tower and provides an easy access network and power outlets.

PIEZO™ ANTI-COLLISION TECHNOLOGY
